### MEMBERSHIP APPLICATION FORM

In 1985 a small and diverse group of local mine explorers founded the Great Orme Exploration Society with the intention of studying, investigating, and promoting the history of 'Llandudno's Mountain', particularly the old mine workings. It was felt that this should be from a 'conservation' standpoint with the intention of creating a greater awareness, among residents and visitors alike, of the rich and fascinating heritage of the Great Orme.

Membership allows the opportunity for mine exploration subject to the rules of GOES, and attendance at all functions, field trips, meetings etc. Several journals and fact sheets are produced each year and distributed to members.
